5th January 2007

Dear Sir

At the meeting of the Findon Valley Residents' Association on 21st December, it was agreed that there was a lack of dog waste bins particularly on the East side of Findon Valley. At this time of year, dog owners walk their pets on the pavements rather than on the open spaces in order to avoid the mud, and it would be extremely helpful if there were more bins along roads to enable them to dispose of waste. I should be grateful, therefore, if you would investigate the possibility of providing additional bins.

I look forward to hearing from you.

Yours faithfully

David Goncalves
Chairman
