Dear Sir

At the meeting of the Findon Valley Residents' Association on 21st December, it was agreed that there was a lack of litter bins particularly on the East side of Findon Valley. There are bins along the main Findon Road, but It would be extremely helpful if additional bins could be provided along other roads in the area to encourage people not to drop litter in the streets. I should be grateful, therefore, if you would investigate the possibility of providing more bins.

I look forward to hearing from you.

Yours faithfully

David Goncalves
Chairman
